# Students of the Month, cont.

Oceana Christian School is pleased to present our February students of the month! Students of the month are selected based on their spiritual leadership, empathy, and scholastic achievement.

Everett Rabe is OCS's selection for our lower grades. Halle Stuckey is our upper-grade selection.

Proverbs 22:6 states, *"Train up a child in the way he should go; even when he is old he will not depart from it."*

Both Everett and Halle display Christian values and are exemplary students. There is no doubt that they will have a bright future ahead of them as they continue their Christian journey.

Congratulations, Everett and Halle!

## Growing Family Initiative (GFI)

First Baptist Church is moving forward with a facility expansion and remodel that will benefit both the church and Oceana Christian School. This project is designed to meet current needs while preparing for future growth, ensuring a safe, supportive, and effective learning environment for our students. Planned improvements include a secure building entrance for increased safety, additional classroom space, a children's check-in area, added restrooms, improved climate control, upgraded infrastructure, new offices and meeting space, a remodeled nursery with a restroom, and enhanced storage. These updates will help OCS continue providing a high-quality educational experience for our students.

# School Security

The security of our students is of utmost priority here at OCS. Parents, as kind and courteous as it seems, please remember not to hold the door for other parents/visitors to our building. Each person must ring the doorbell and await staff permission before gaining entrance to our building. Thank you for your cooperation!

OCS students are expected to go outside for designated recess times twice a day in fairly cold weather. Please remember to send your child to school each day dressed appropriately for outside play. Students need a coat, hat, gloves, snow pants and boots. If you need help acquiring these items, please let us know how we can help you.
